Grant - Capitation - St.Joseph's Leprosy Hospital and Asylum, Kankanady, South Kanara District - Payment of grant - Sanctioned

Medical Department.

From

Dr.P.Arunachalam, MD, MRCP, TDD, DMR(Lond).,
Director of Medical Services., Madras. 6.

To

The Secretary to Government. Health Department, Madras

Ref.No.75510-6-B/51- dated 24.3.52

SUB: Grant – capitation - St. Joseph's Leprosy Hospital and Asylum, Kankanady, South Kanara District - payment of grant from State Funds.

Ref: Government Memo.No.49825.L2/51- 4- Health dated 12.3.52.

I forward herewith for the orders of Government the applications received from the Director, St. Joseph's Leprosy Hospital and Asylum, Kankanady for the payment of capitation grants due to the institution for the quarters ending 31.3.51; 30.6.51; 30.9.51; and 31.12.51 together with the statements showing the daily average number of in-patients treated in the institution during these quarters and also the Inspection Reports of the District Medical Officer, South Kanara.

2. It will be observed from the Inspection Reports of the District Medical Officer, South Kanara that the institution has satisfied the revised conditions of grant laid down in G.O.Ms.No. 546 Health dated 19.2.52 with the exception of condition No.3 therein. This condition lays down that only infective cases should be treated as in-patients in private leprosy institutions which receive capitation grants from Government though non-infective patients may be treated as in-patients to the extent of 5 per cent of the accommodation available, if such accommodation is available after admitting all infective cases as in-patients. The Institution has been treating more than non-infective cases as in-patients than the number permissible according to the above condition. Although no new non-infective cases were admitted since 1.1.1951 the old non-infective cases are being discharged in batches as it is difficult to discharge all of them at once. The non-infective cases are not included in the daily average number of in-patients furnished in the statements. No grant is also claimed in respect of them. In the circumstances I recommend that capitation grants due to the institution for the four quarters commencing from 1.1.51 and ending with 31.12.51 mentioned below and also for the last quarter ending with 31.3.52 in the year 1951-52 may kindly be ordered to be paid by me by relaxing the condition referred to above in favour of the institution.

3. The amounts of capitation grant payable to the institution are noted below for the information of Government:-

For the quarter ending.	Daily average No.of in-patients.	Amount. Rs. A P
31.3.51.	85	2,295 - 0- 0
30.6.51	92	2,484 - 0- 0
30.9.51	97	2,619 - 0- 0
31.12.51	100	2,700 - 0- 0
	Total.	10,098 - 0- 0

4. As the institution has not been in receipt of these grants regularly for each quarter from 1.1.51 the authorities have expressed their difficulty in running the institution and require the disbursement of the grant as early as possible. I request that early orders of Government may kindly be issued according sanction for the payment of the capitation grants for the quarters referred to above.

PTO

5. The original enclosures sent herewith may kindly be returned along with the orders of Government at a very early date.

Yours faithfully,

for Director of Medical Services.
